'Bluegrass Bound'

The Bluegrass fan in the picture above is certainly proceeding in the right direction and odds are he won't miss the Appomattox Jaycee Bluegrass Festival to be held May 30 and 31.

The Appomattox Jaycees hope that you have the same thing in mind for that weekend as they continue preparations for the event.

Work at the Festival site, which is Paradise Lake located 7 miles west of Appomattox on U.S. Route 460, is nearly completed and the Jaycees feel that the facilities will be ideal for an event of this nature. Spectators will have no problems enjoying the entertainment which will be provided by six professional Bluegrass Bands. Camping sites will be available and, although water and electricity hook-ups won't be provided, their location will be very convenient to the festival activities.

The Festival will get underway at 7:00 p.m. Friday, May 30 and continue until midnight. The second show begins Saturday, May 31 and also continues until midnight. Cost of admission will be $3.00 for Friday show and $5.00 for Saturday's show or $7.00 for a special 2-day combination pass. Camping will be free to holders of the special 2-day combination pass. Children under 12 will be admitted free.

The Jaycees will provide concessions offering food and medical and law enforcement aid will also be available at the Festival Site.

Henry Fulcher of Radio Station WFLO in Farmville will serve as Master of Ceremonies for the Festival and for those of you that know Henry are aware that his performance alone is well worth the price of admission.

Ronnie Lewis, publicity chairman for the Festival stated, "I have been a membr of the Appomattox County Jay-

Rev. Peoples To Depart

The Rev. E. Moray Peoples, Jr., minister at St. Anne's Episcopal Church, has announced his resignation, effective June 30, 1975.

Mr. Peoples is leaving to accept the call of Abington Episcopal Church, Gloucester County, Virginia. He will begin work July 1, at Abingdon.

Arriving here in mid-1972, Mr. Peoples has shared in the growth of St. Anne's from approximately 35 members to 80. "The credit is honestly due to the congregation itself," he said. "No minister can be 'the attracton'; that makes a farce of what Christian Community is about. St. Anne's will continue to grow because the people here are open and willing to do so."

Mr. Peoples' ministry to the Appomattox community has been continuous. He is President of the Board for The Information and Referral Center of Central Virginia. An attempt to establish an Appomattox satellite of Information and Referral succeeded for a brief time.

In addition to community projects, he worked in ministries of the Diocese of Southern Virginia. He is currently Chairman of Chaplains for the Diocesan summer ministry, Camp Chanco at Surry. He was Chaplain for two consecutive years at sessions for eight to ten year olds. Mr. Peoples was elected to the Board of Directors of Boys' Home, Covington, in 1972.

Muscular Dystrophy Walkathon

Muscular Dystrophy is a muscle destroying disease which disables its victims so much that a common cold could be fatal. Anyone can get it, but its chief victims are children. There is no known cure for this severe disease yet . . . but the Muscular Dystrophy Association supports world-wide research to find a solution to dystrophy and other disorders of the neuro-muscular unit.

A walkathon is a step towards victory against Muscular Dystrophy. The Appomattox 4-H clubs are sponsoring a Muscular Dystrophy Walkathon this coming Saturday, May 24. The walk will start at 10 a.m. at the Appomattox Primary School and proceed in a 10 mile circle ending back at the Primary School at approximately 2 p.m. Pledge cards can be obtained from the Appomattox Extension Office or from the offices at the Appomattox Middle School and Appomattox County High School. Each walker should sign up as many as he can to back him at so much per mile. So get together with your friends and plan to walk Saturday for those who can't. Or if you aren't able to walk, sponsor someone generously. All proceeds will be donated to the Muscular Dystrophy Association. Remember the more who participate, either as a walker or sponsor, the sooner the fight against dystrophy will be won.

Mary Louise Parris is shown above holding the poster.

During the month of April, volunteers of the Appomattox County Rescue Squad responded to 40 emergency calls, traveled a total of 1,851 miles in answer to these calls and spent 152½ man hours.

There were four automobile accidents with only 2 people receiving personal injury.

A breakdown of the calls is as follows: broken bones, 3; maternity, 1; heart attack, 4; falls, 3; illness, 2; wrecks, 4; strokes, 3; transports by request of doctor, 6; chest pains, 3; dead on arrival, 2; 1 dead on arrival from shot-gun wounds; fights, 2; convulsions, 3; nose bleed, 1; overdose, 1; and 1 call for burns.

In addition to answering these emergency calls, 6¼ hours were spent with four health classes who toured the rescue squad building and saw equipment demonstrated and 26½ hours were spent by 8 members who were on stand-by and conducted the blood pressure check at the Diabetes Clinic on April 27.

Two instructors were involved with the teaching of a course in First Aid and Personal Safety to over 30 persons and members of the ACHS sex busy planning for the District V meeting that they will host at the Appomattox County High School on June 21, 1975.

Board Wants ACHS Accredited

At the Tuesday, May 13 meeting of the School Board of Appomattox County the board decided to place the high school on a list for evaluation in order to become a member of the Southern Association of School Accreditation.

By entering the Appomattox County High School for consideration now, Superintendent Lloyd Walton stated that the high school could become affiliated anytime after 1980. Walton added that the benefits of this prestitious organization are considerable while only a minimal cost is involved.

In other matters, the board approved a high school program designed to improve the communication skills of the children of migrant workers. Funded by the Federal government, the supplemental program includes one teacher, two teacher aids, and funds for educational equipment in order to aid the migrants in reading comprehension and vocabulary enrichment.

R. B. Carter, Director of Vocational Education, reported that 326 individuals participated in the adult vocational classes in school year 1974-75, and that all Appomattox County Public Schools have received accreditation by the State Board of Education.

The school calender for 1975-76 was approved by the members of the board, with the first day of classes scheduled for September 2.

Ready To Donate Blood May 27th

When the Red Cross Bloodmobile comes to Appomattox on Tuesday, May 27, 102 units of blood will be needed to meet the quota for this the first visit of the fiscal year.

Ready to donate a unit of their blood on Tuesday, shown above front row, left to right, are Miss Hattie Ayers and Mrs. Peggy Ayers; and on the back row, left to right, are Rev. Earnie Lucas, Chairman of the Blood Program in Appomattox County; Tommy Terry, Michael Hancock, and Johnny Gallier. Giving blood is not new to many of these people and to other citizens of this county - so plan now to come out Tuesday between the hours of 9 a.m. and 3 p.m. to Liberty Baptist Church and join the group who will be giving blood.

This, the first visit of the fiscal year, is being sponsored by Thomasville Furniture Industries and that is the reason for the change in time schedule.

Memorial United Methodist Church women will be in charge of the Canteen for this visit with many other volunteers helping out in other phases during the day.

Rev. Lucas urges everyone to make every effort to come out Tuesday and donate blood. You are also reminded that 17 year olds may donate with parental consent.

Giving blood is painless and doesn't take much of your time so please help Appomattox County reach its quota - give blood!

Big Brothers Week Proclaimed

Mayor Henry Pack today proclaimed May 18 through 24, 1975, as Big Brothers Week and urged the men of Appomattox County to answer the organization's first annual call for volunteer Big Brothers.

During the proclamation ceremony, Mayor Pack said, "Big Brothers do a remarkable job of helping boys who lack the companionship and guidance of a father. Their friendship with a boy gives him an adquate man with whom he can identify and to whom he can turn for counsel and guidance. Every boy needs man in his life. If he is growing up without a father, he needs a Big Brother."

Big Brothers of Central Virginia matches a responsible male adult with a fatherless boy under the supervision of a professional social worker, in order to establish a significant friendship.

"The mutual respect and understanding fostered in a personal relationship," said Mayor Pack, "helps the boys to their full physical, mental and emotional potential, and shows them the way to responsible citizenship."

Conf. on Page 7

Henry Pack, Mayor of the Town of Appomattox, is shown above with Bobby Phelps, formerly of Appomattox now from Lynchburg, after signing the "Big Brother Proclamation". The proclamation read as follows: "Whereas, a large number of boys do not have the healthy, stimulating influence of a father to help them grow, because of death, divorce, illness, or imprisonment, and Whereas, this deprivation can cause serious problems for the boys and for our community, and Whereas, there is a dire need for a service that can give such boys the individual support, guidance, and counseling of a male adult, and Whereas, Big Brother work is dedicated to this aim with their unique "One Man - One Boy" concept of friendship, Therefore, do I, Henry B. Pack, Mayor of Appomattox, hereby proclaim May 18 through 24, 1975, as Big Brother's Week and furthermore, do call upon the citizens of Appomattox to support the Big Brothers Movement." Signed by Henry B. Pack.
